System Requirements For Securepoint Personal Firewall VPN Client 3.7:

While the System Requirements list, including suggested configuration, is an important tool for customers, it is not a guarantee that your configuration will be supported. In addition, it is important to understand that the recommended configuration may be overkill for your environment, so please review your environment and requirements carefully. Certification: Fluent is the only certification-ready and vendor-neutral assessment to assess knowledge of product availability, support, and product knowledge. To learn more, visit here Downloads.
