The Longing is a roguelike dungeon exploration game in the style of great single player games like Diablo and Wizardry. It was developed with interactive music in mind and will provide hours of music driven gameplay with different ways to experience the music, ranging from chasing its own, rhythm based elements, to roleplaying with it. There is a long story connected to the game, which you'll find more information about here. Key Features: An extensive music system including instruments, moods and effects to influence the narrative of the game Rhythm based gameplay with a traditional rogue like character development system. Challenging and challenging, that keep you on your toes throughout the campaign High difficulty, accessible for all players Detailed campaign with multiple endings Seasons system, a daily end of year event 9 unique dungeons to explore 6 randomly generated dungeons per world 24 classes with over 50 skills, armors and weapons Huge number of items to equip and combine in a multitude of ways Fully voiced dialog with over 20 characters Some music came as a gift from KaleidosKontor, the German band of the game. The official soundtrack of The Longing. A tribute to Emglev and the whole dungeon synth scene. Income from this release will go to all musicians involved. Music supervision and sound design: Jan Roth, Jürgen Härtenstein Album art: Anselm Pyta All tracks by "Lord Redstone", (aka redStone Music), except: Track 5 by Spectral Kingdom, taken from the album "I", 2016. Track by Erdstall, taken from the album "Caverns Of Endless", 2013. Track 10 by dungeontroll, taken from the album "Labyrinth Of The Golden Princess", 2019. Track 15 by Vindkaldr, taken from the album "Enchantments Of Old Lore", 2015. Track 20 by Erang, taken from the album "Tome IV", 2013. To access the soundtrack from Steam, select the game in your library. On the right, above the achievements, you can see the soundtrack listed as "additional content". The soundtrack comes as 320kbps mp3 and in addition as uncompressed WAV and FLAC if you activated "high quality audio" in your download settings. About The Game THE LONGING - Soundtrack: The Longing is a roguelike dungeon exploration game in
